| d) | treatments at a spa or health resort. The restriction does not apply if treatment becomes necessary during a temporary stay due to an illness which is not related to the purpose of the stay or due to an accident which occurred there. The duty to provide benefit exists as long as departure is impossible according to medical opinion. The restriction also does not apply if the treatment takes place at the spa or health resort or in its immediate proximity due to the policyholder's place of residence. Medication prescribed by the treating doctor at the insured person's place of residence or by the insured person's General Practitioner for outpatient use at a spa or health resort shall also be reimbursed; |
